

Home Health Value-Based Performance: **Interim Performance Report Guide**

CMS reports that only 20% of agencies have used the iQIES portal to access their Interim Performance Report (IPR).

IPR	OASIS-Based Measures	Claims-Based and HHCAHPS Measures
January 2024	10/1/2022 - 9/30/2023	7/1/2022 - 6/30/2023
April 2024	1/1/2023 - 12/31/2023	10/1/2022 - 9/30/2023
July 2024	4/1/2023 - 3/31/2024	1/1/2023 - 12/31/2023

What is the Interim Performance Report?

A six-tabbed spreadsheet with feedback related to performance on each of the 12 individual measures (5 OASIS, 2 claims and 5 HHCAHPS)

- · Overview: Shows your cohort, interim performance score and provides an explanation of HHVBP and the calculations.
- · Achievement: Shows your performance year data compared to your cohort's achievement and benchmark values and displays your HHA's achievement points (column e).
- · Improvement: Shows your improvement threshold, your cohort's benchmark and your improvement points (column f).
- Care Points: Shows the care points awarded to your HHA (column a), which are the higher of the achievement points or improvement points for each of the measures.
- Measure Scorecard: Shows weighted measure points (column b), which factor your care points along with the specific measure weights. Also shows your Total Performance Score (TPS) along with the percentile ranking.
 - Percentile rankings below 50 are in danger of having a negative payment adjustment.
 - Percentile rankings above 50 are positioned to have a positive payment adjustment.
- TNC Change Reference: Shows your agency's and cohort's performance in the OASIS items used to calculate the total normalized composite change for self-care and mobility.
