Axxess Partners with Kennedy-Curry Middle School in Dallas ISD

Donates School Uniforms for 100 Boys and Girls

Staff members from Axxess, Kennedy-Curry, Dallas ISD Administration and the Dallas Regional Chamber

DALLAS (January 21, 2015) – [Axxess](#), an industry leader in home health management software, presented Principal Dennis Taylor of [Kennedy-Curry Middle School](#) with 100 uniforms for boys and girls yesterday. Kennedy-Curry is part of the Dallas Independent School District ([Dallas ISD](#)) and is a Title 1 federally funded campus. Located in South Dallas, it is comprised of approximately 800 students in grades 6 – 8.

In October 2014, John Olajide, President and CEO of Axxess participated in the Principal for a Day program, sponsored by the Dallas ISD and the [Dallas Regional Chamber](#). Principal for a Day brings community and business leaders into schools across the district to help increase awareness of strengths and challenges of public schools and create opportunities for ongoing partnerships with businesses.

As part of the Principal for a Day program, Olajide and Kennedy-Curry Principal Dennis Taylor discussed various needs of the school. The school's administration determined their greatest immediate need was for school uniforms, which are mandatory. Uniforms are available at the Eagle's Nest Resource Center, an

on-campus resource for students to receive assistance with proper uniform attire and school supplies. The resources are available at no cost to students or their families.

“We are always looking for ways to give back to a community that has given so much to us, therefore, when presented with the opportunity to partner with the Dallas Regional Chamber, the Dallas ISD, and other organizations in support of Principal for a Day, we gladly accepted,” said Olajide. “An important part of [The Axxess Way](#) is to invest in communities where we do business and partnering with schools such as Kennedy-Curry is one of the many ways we can help strengthen our community and invest in the future. The kids at Kennedy-Curry may have small feet, but we know they have big dreams,” Olajide added.

Principal Taylor believes that “addressing the needs of the whole child will lead to improved student achievement.” Axxess applauds Kennedy-Curry and Principal Taylor’s commitment to excellence in academics and looks forward to forging a long-term relationship to support additional programs that position students for a new world of possibilities.

About Axxess

Dallas-based [Axxess](#) is a leading healthcare software company that provides cloud-based software to the home health care industry. The comprehensive and user-friendly software solutions at Axxess empower home health agencies and improve their efficiency by integrating all aspects of their operations so they can focus their attention on what matters most: patient care. The innovative software solutions at Axxess, which put all care and administrative aspects of a home health care agency at the fingertips of providers and managers, have propelled Axxess to quickly become the industry’s fastest growing home health software company. Axxess is the only home health software provider accredited by the ANCC (American Nurses Credentialing Center) and is a member of HL7 (Health Level Seven International, the global authority on standards for interoperability of health information technology). Axxess is a member of the Alliance for Home Health Quality and Innovation (AHHQI), the National Association for Home Care and Hospice (NAHC), and major state associations nationwide.
