## **Axxess Named One of Modern Healthcare's Best Places to Work in Healthcare**

DALLAS, July 12, 2016 -- [Axxess](#), a national leader in home health management software, has been included in *Modern Healthcare's* 2016 Best Places to Work in Healthcare. This is the first year for Axxess to be included in *Modern Healthcare's* list, but this recognition is just the latest in a long list of accolades for Axxess.

Axxess recognizes that its employees are its best asset, and strives to create an environment that empowers and encourages them to create the best solutions to the home healthcare industry's needs.

"We are honored to be included in such a prestigious list by *Modern Healthcare*," says John Olajide, President and CEO of Axxess. "We are proud to be making healthcare better, as well as the culture that we have built which allows us to do such important work."

The *Modern Healthcare* Best Places to Work in Healthcare program, now in its ninth year, honors workplaces throughout the healthcare industry that empower their employees to provide patients and customers with the best possible care, products and services.

###

### **About Axxess**

Axxess is the fastest growing home health technology company, improving care for 2 million patients in North America and trusted by more than 7,000 organizations growing their business. With an easy-to-use, complete suite of innovative cloud-based software and services for health records, scheduling, patient engagement, revenue cycle management and so much more, Axxess empowers healthcare providers with solutions to focus on patient care. Fostering a collaborative culture to exceed client expectations, Axxess is recognized nationally as a "Best Place To Work," while investing every day in growing the healthcare industry and communities around the country to address unmet needs and make lives better.
