

MORE TIME FOR CARE.

MORE VISIBILITY FOR BETTER DECISIONS.

Axxess Home Health, powered by Axxess intelligence®, helps home health organizations reduce documentation burden, improve Medicare eligibility visibility, uncover clinical insights and create capacity across clinical, operational and financial workflows.

DESIGNED TO HELP YOUR TEAM

REDUCE DOCUMENTATION BURDEN

Help clinicians spend less time documenting and more time focused on patient care with AI-powered workflow support.

IMPROVE ELIGIBILITY VISIBILITY

Gain faster access to Medicare eligibility information and reduce time spent researching reimbursement-related workflows.

SURFACE CLINICAL INSIGHTS

Identify trends, opportunities and areas that require attention through advanced clinical and operational visibility.

CREATE WORKFORCE CAPACITY

Reduce administrative work and help teams accomplish more without adding headcount.

INCLUDED AXXESS INTELLIGENCE PREMIUM FEATURES

ASK AXXESS

Quickly find information and answers. Simply Ask.

AUTO-GENERATED SUMMARIES

Reduce documentation effort and speed note completion.

MEDICARE ELIGIBILITY SUMMARY REPORT

Improve eligibility visibility and reimbursement workflow efficiency.

CLINICAL INSIGHTS

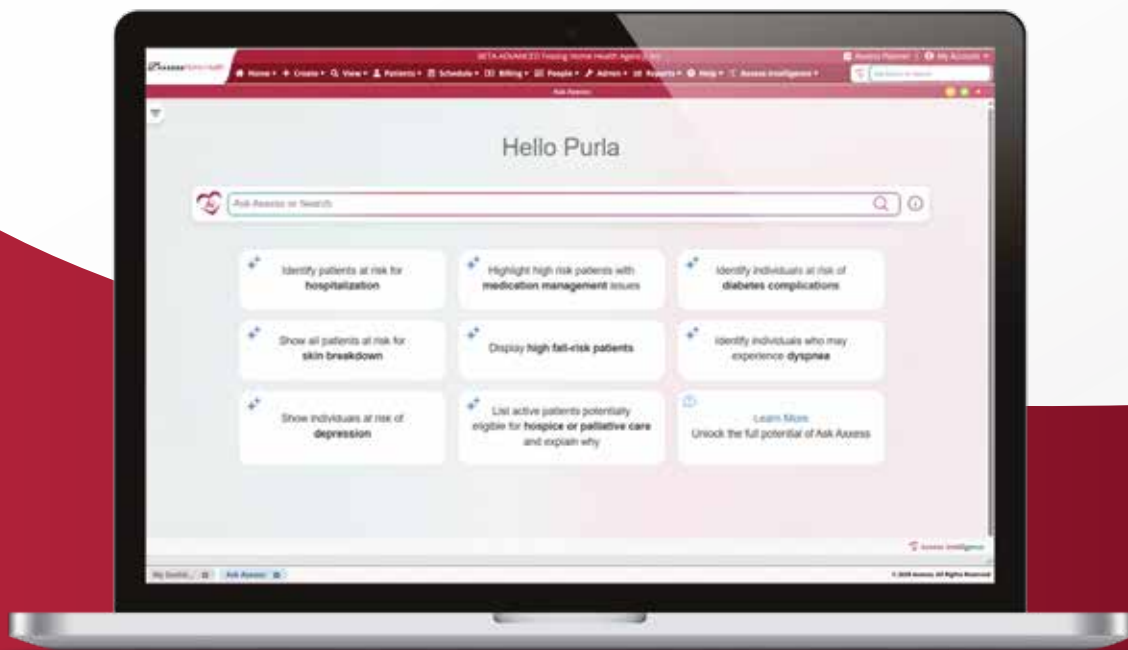

Surface operational and clinical performance trends.

ROUTE VISITS

Optimize clinician routing and daily productivity.

THE IMPACT OF **AXXESS INTELLIGENCE® PREMIUM**

Axxess intelligence Premium helps home health teams save time, reduce rework, improve visibility and create capacity through smarter workflows.

SEE YOUR ESTIMATED SAVINGS

Scan the QR code to estimate your organization's potential annual savings, hours reclaimed and workforce capacity created with Axxess intelligence Premium.

The results generated are estimates for illustrative purposes only. Labor rates are assumed at \$20-\$25/hour and may vary based on staffing, location, and census size. Actual results may differ. For a personalized assessment, please contact our team to schedule a demonstration.
