

CQM 181 Elder Maltreatment Screen and Follow-Up Plan

Documentation Step-by-Step

Users must document using a billable visit for a patient with a CPT code that qualifies for the measure (this is most routine CPT codes).

This measure has exclusion criteria that includes telehealth. Confirm the encounter is NOT a telehealth visit.

Workflow: Provider Visit > Supportive Assessment tab > Elder Maltreatment Tool button. Here, a new tile will appear.

The screenshot displays the AXXESS Palliative Care interface. The top navigation bar includes links for Home, Patients, Schedule, IDG Center, People, Billing, Admin, Reports, and Help. The left sidebar lists various assessment categories, with 'Supportive Assistance' highlighted. The main content area shows a patient profile for Austin, Lucas Fox T. (PC000411), with a 'Quick Links' section and a 'Show Details' button. Below this, there are buttons for 'Incident Report', 'Emergency Preparedness', and 'Elder Maltreatment Tool' (which is highlighted with a red box). The 'Elder Maltreatment Tool' section includes checkboxes for various social determinants of health (SDOH) screening items, such as 'Inadequate Cooling/Heating', 'Inadequate Refrigeration', 'Lack of Fire Safety Devices', 'Limited Social Contact', 'Low/No Income', 'Narrow or Obstructed Walkway', 'No Running Water/Plumbing', 'Pest/Rodents Present', 'Structural Barriers', 'Unsafe Floor Coverings', 'Inadequate Access to Nutrition/Food', and 'Other'. It also includes a 'Depression Screening' section with a 'Depression Screening' button and a 'Tobacco Screening' section with a 'Tobacco Screening' button. Below these, there is a 'Social Determinants of Health (SDOH) Screening' section with a 'Social Determinants of Health Screening' button. The 'Elder Abuse Suspicion Index (EASI)' form is also visible, featuring a series of questions about patient care and abuse, with 'Yes', 'No', and 'Did not answer' response options. At the bottom, there is a 'Select above options to calculate Score' section with a 'Follow-up Indicated: 1 - 5' and a 'Follow-up not indicated: 0 - 0' result. The 'Elder Maltreatment Follow-up' section is also present, with a 'Follow-up' checkbox.

If any score above 0 is documented, then follow-up is indicated.

Select above options to calculate Score

Follow-up Indicated: 1 - 5

Follow-up not indicated: 0 - 0

Follow-up can be documented in the same tile.

The screenshot shows the AXXESS Provider Visit form for a patient named Austin, Lucas Fox T. The form includes a sidebar with various assessment categories. The 'Elder Maltreatment Follow-up' section is active, showing a 'Follow-up' checkbox that is checked. Below this, there is a 'Follow-up details' section with a search bar and a text area for entering details. The form also displays the 'Follow-up Indicated: 1 - 5' and 'Follow-up not indicated: 0 - 0' counts.

Once the Elder Maltreatment assessment is documented and if indicated the follow up, then the user can document the appropriate code at the end of the visit. There is a list of G codes under the Elder Maltreatment Screening header and from this list the user can select the most appropriate code.

Performance Met (G8733)- Elder maltreatment screen documented as positive AND a follow-up plan is documented.

Performance Met (G8734) - Elder maltreatment screen documented as negative, follow-up is not required.

Denominator Exception (G8535) - Elder maltreatment screen not documented; documentation that patient is not eligible for the elder maltreatment screen at the time of the encounter related to one of the following reasons: (1) Patient refuses to participate in the screening and has reasonable decisional capacity for self-protection, or (2) Patient is in an urgent or emergent situation where time is of the essence and to delay treatment to perform the screening would jeopardize the patient's health status.

Performance Not Met (G8536) - No documentation of an elder maltreatment screen, reason not given.

Performance Not Met (G8735) - Elder maltreatment screen documented as positive, follow-up plan not documented, reason not given (G8735).

Provider Visit

Clinical Quality Measures	
Advance Care Planning ☐ 1123F - Measure Met: Advance care planning discussed and documented: advance care plan or surrogate decision-maker documented in the medical record ☐ 1123F(BP) - Performance Not Met: Advance care planning not documented, reason not otherwise specified ☒ 1124F - Measure Met: Advance care planning discussed and documented in the medical record; patient did not wish or was not able to name a surrogate decision-maker or provide an advance care plan	Falls Plan of Care ☐ 0518F - Measure Met: Fall plan of care documented ☐ 0518F(1P) - Measure Exception: Patient not ambulatory, bed ridden, immobile, confined to chair, wheelchair bound, dependent on helper pushing wheelchair, independent in wheelchair or minimal help in wheelchair ☒ 0518F(BP) - Measure Not Met: Fall plan of care not documented, reason not otherwise specified
Dementia: Functional Status Assessment ☐ G9916 - Measure met: Functional status performed once in the last 12 months ☐ G9917 - Measure met: Documentation of advanced stage dementia and caregiver knowledge is limited Measure Not Met ☒ G9918 - Performance not met: Functional status not performed, reason not otherwise specified	Screening for Social Drivers of Health ☐ M1207 - Measure met: Patient is screened for food insecurity, housing instability, transportation needs, utility difficulties, and interpersonal safety ☐ M1208 - Performance not met - Patient is not screened for food insecurity, housing instability, transportation needs, utility difficulties, and interpersonal safety ☒ M1237 - Measure met: Patient reason for not screening for food insecurity, housing instability, transportation needs, utility difficulties, and interpersonal safety (e.g., patient declined or other patient reasons)
Elder Maltreatment Screening ☐ G8535 - Measure Exception: Elder maltreatment screening not documented; documentation that patient is not eligible for the elder maltreatment screen at the time of the encounter ☐ G8536 - Measure Not Met: No documentation of an elder maltreatment screening, reason not given ☐ G8733 - Measure Met: Elder maltreatment screening documented as positive and a follow-up plan is documented ☐ G8734 - Measure Met: Elder maltreatment screening documented as negative, follow-up is not required ☐ G8735 - Measure Not Met: Elder maltreatment screening documented as positive, follow-up plan not documented and reason not given ☒ G8941 - Measure Exception: Elder maltreatment screening documented as positive, follow-up plan not documented, documentation the patient is not eligible for follow-up plan at the time of the encounter
