Axxess to Share a Positive PDGM Perspective at 2019 NAHC Conference

*Axxess' Experience, Innovation and Education
Make Fundamental Industry Shift Easier for Its Clients*

*State-of-the-Art Hospice Solution and Innovative Scheduling and Staffing Solution
Will Be Demonstrated During the Conference*

DALLAS, Tex., October 8, 2019 – Axxess, the leading home healthcare technology company, has a positive view of the impact of the forthcoming Patient-Driven Groupings Model (PDGM) for its clients. At the National Association for Home Care and Hospice (NAHC) 2019 Home Care and Hospice Conference and Expo, Axxess will share the resources it has been providing its clients and the industry to prepare for this important change.

“Axxess has been providing PDGM resources for several months to prepare our clients and the industry for the changes to the payment model,” said founder and CEO John Olajide. “The PDGM-specific enhancements in our solutions, our on-demand educational resources, and nationwide training workshops are helping to thoroughly prepare our clients and the industry.”

Axxess' PDGM features will be on display at the NAHC conference expo hall in booth 609. The company will also showcase innovations in AxxessCARE and Axxess Hospice, two valuable solutions in its complete suite of solutions helping agencies manage and document care in the home.

The revolutionary staffing and scheduling capabilities of AxxessCARE has led to a nearly 1,000% increase in the number of visits posted by Axxess clients using the solution to provide timely care. To date, nearly 22,000 visits have been posted through AxxessCARE in four pilot states, and that number is increasing rapidly each week.

Through Axxess Hospice, hospice providers for the first time can use innovative tools like a time-saving IDG Center, compassionate care features that empower a focus on patients and family members, and a Billing Center the enables direct submission of documentation and claims to Medicare as part of Axxess' exclusive status as a Network Service Vendor.

Several Axxess experts will present at the NAHC conference. Its experts will present during five sessions between October 13 - 15:

Dancing the PDGM Two-Step: Analyzing Data for Solutions to Provide Positive Financial Impact

Presenters: David Hoover and Tammy Ross RN, BSN, MHA

Creating New Revenue Streams Through Specialty Programs

Presenter: Tammy Ross RN, BSN, MHA

Collecting Accurate and Professional and OASIS Items Without Losing Your Mind

Presenter: Jennifer Osburn RN, HCS-D ICD-10-CM, COS-C

Delivering Improved Clinical and Financial Outcomes for Dual-Eligible Patients

Presenters: David Hoover and Tammy Ross RN, BSN, MHA

Know Your Value Proposition: Strategies for Successfully Increasing Value Through Employee Engagement

Presenters: Stefanie Peale MBA and Adrian Killebrew MBA

Demonstrations of Axxess' cloud-based solutions will be available during the NAHC conference at booth 609 in the expo hall on the fourth floor of the Washington State Convention Center in Seattle, WA.
